

Enhancing Connections Program: A Cancer Education Program for Parents

- Are you a parent recently diagnosed with cancer?
- Are you raising children 5-17 yrs old?
- Would you like information to improve communication with your child, to learn skills to help your child to express themselves and to decrease cancer related stress your child may feel?
- Would you like to learn all this for FREE!

Cancer Support Community Greater Philadelphia has been invited to participate in a groundbreaking research study called the Enhancing Connection Program which is a cancer education program for parents. We are looking for 10 participants who have been diagnosed in the last year with Stage 0-3 cancer.
